Agenda Item

Public Works Department Overview

Background

The Public Works Department is comprised of the following divisions:

- Streets and Stormwater
- Water Treatment and Distribution
- Wastewater Treatment and Collection
- Fleet

Public Works has a public facing role within the community to provide customer support, maintain the existing infrastructure, provide inspection and oversight of new construction, and lead the planning and construction of capital improvement projects.

The following slides are intended to provide a snapshot of items as presented in the annual report as well as photos to demonstrate the variety of systems and duties related to the work.

The approximate schedule for the work session is as follows:

- 6:00-6:30 pm Overview of slides in Council Chambers and follow-up Q/A
- 6:40-7:00 pm Site visit and introduction of Water Treatment Manager, Kevin Schmidt, at the plant facility located at 8475 CR120 for those interested in attending. Travel on own/carpool.
- 7:10-7:30 pm Site visit and introduction of Waste Water Treatment Manager, Dan Poole, at the plant facility located at 6608 CR102 for those interested in attending. Travel on own/carpool.
